Experience

Lighting Designer @ Big Time Operators

Feb 2018 - Present, Los Angeles, USA

I have accomplished and provided light designs to over 120 successful events during the past two years in Los Angeles. Additionally, this position taught me solid skills in GrandMA2 lighting software.

Web Designer @ Freelancing

2016 - 2018, Los Angeles, USA

Classic freelance journey with providing all necessary web and branding graphics, illustrations, and figuring out the web with site constructor platforms.

Graphic Designer @ Snark Team

Spring 2014 - Fall 2015, Kyiv, Ukarine

This position is my first in-house experience. My primary duties were: creating a web design, branding materials, banners, prototyping.
